ORACLE Gold
Partner

Company Overview

INNOTIIVE ASIA (M) Sdn. Bhd was incorporated in Malaysia by qualified and experienced professionals to provide premium ORACLE database support, and application software architecture and development expertise. The company's success, as reflected by the growing number of satisfied customers, is built upon its collaborative relationships with customers and business partners, committed employees, responsiveness, flexibility, high-class quality and capabilities.

We are a group of Malaysian Oracle professionals with OCA and OCP qualifications who had worked and consulted for various local based organizations, as well as gaining international and overseas consultancy experience in various industries.

We are committed to providing customers with a wide offering of quality services and total technology solutions characterized by good quality, punctual delivery, reduced time to market and assured cost effectiveness.

INNOTIIVE ASIA complements Oracle's leadership in the comprehensive management of customers' information by providing quality Oracle product support services to its customers.

Among its valued customers are customers from the Telecommunications industry, Manufacturing, Banking sectors and Government agencies.

Our technical consultants have served clients within Malaysia and overseas such as Telekom Malaysia, Celcom, Maxis Communications, Shell Malaysia, Shell Brunei, Intel, Motorola, Saudi Bank, University Malaya, Ministry of Defense, Bank Negara, Hitachi Consumer and many more to be named.

Our clients are from both the public and private sector, across industries, using Oracle on various hardware and operating system platforms.

Our primary goal is to help the clients to fully take advantage of the Oracle software and to keep the Oracle based information systems available and reliable thus maximizing their investment in Oracle technology.

2.4 Why Innotiive Asia

Innotiive Asia currently is **BIGGEST** support team / Technical team for Oracle consultancy within Malaysia. **10 certified OCPs and 5 OCAs**, a total of 15 technical staffs.. All of our consultants are either certified in Oracle 9i or 10G. However saying that, product knowledge on Oracle 7, 8 and 8i are also within their grasp. All consultants are Malaysian citizen, which is why most our clients find it very easy to work and communicate. The other reasons why clients prefer us compare to other SI's or vendor is simply because the quality of delivery and the most important expect of **COSTING**. In terms of pricing we are considered the **CHEAPEAST** and most **COST EFFECTIVE** within the industry.

**E-02-01, Jalan SS6/20A,
Dataran Glomac,
Pusat Bandar Kelana Jaya,
47301, Kelana Jaya,
Petaling Jaya, Selangor.
Tel - 603-78057724
Fax - 603-78057726**

2.5 Benefits to Clients

- **Cost effective.**

Eliminates expenses on salary, EPF, Sosco, Medical benefits, Training, etc

- **Product Knowledge**

All consultants within Innotiive Asia are certified by Oracle Corporation either as a Oracle Certified Associate (OCA) or Oracle Certified Professional (OCP)

- **Flexibility**

The company best selling point to each of client is the flexibility of customizing support scope for each environment.

- **Non Biased Approach**

In every critical environment, most clients prefer an intervention of a 3rd party consultant to provide opinions and advise. This gives a better security approach for each environment. In nutshell a non bias approach towards the environment compare to having an internal staff of evaluating the environment.
